Profile

I am a results-driven Web Developer with 3 years of hands-on experience in HTML, CSS, JavaScript, React.js, and WordPress development. I specialize in building responsive, user-friendly, and performance-optimized web applications. Known for my strong interpersonal skills and collaborative mindset, I thrive in dynamic, fast-paced environments and enjoy tackling new challenges. I am committed to delivering high-quality, innovative digital solutions with precision and creativity, while continuously expanding my expertise in modern front-end technologies and WordPress backend development to meet evolving industry demands.

Professional Experience

Wordpress Developer - Front-end, *Midnay Tech Private Limited*

2022 – Present
Malappuram

- Designed and developed responsive and user-friendly websites using **HTML5, CSS3, JavaScript, and React.js**.
- Created intuitive and visually appealing **UI layouts** optimized for performance across all devices and screen sizes.
- Implemented interactive and dynamic features using **JavaScript and React**, enhancing overall user experience.
- Developed **reusable, modular React components** to improve scalability, maintainability, and code efficiency.
- Built custom stylesheets using **CSS3 and preprocessors like SASS/SCSS** for cleaner and more maintainable code.
- Integrated modern CSS frameworks such as **Bootstrap and Tailwind CSS** for rapid UI development and prototyping.
- Utilized **React Hooks** (useState, useEffect, etc.) to manage application state and lifecycle efficiently.
- Ensured cross-browser compatibility and responsive design using **media queries, Flexbox, and CSS Grid** with a mobile-first approach.
- Wrote clean and efficient JavaScript code for **DOM manipulation, API integration, and front-end logic handling**.
- Optimized website performance through **asset compression, lazy loading, and performance best practices**.
- Experienced in **Git and GitHub** for version control, collaboration, and code management.
- Debugged and resolved front-end issues using **browser developer tools**, ensuring consistent UI behavior.
- Conducted **unit testing** using tools like **Jest and React Testing Library** to ensure application reliability.
- Collaborated closely with backend teams to integrate APIs and deliver seamless functionality.
- Familiar with deploying applications using **Netlify, Vercel, and GitHub Pages**.
- Worked as a **WordPress Full Stack Developer**, building and customizing websites using **WordPress CMS**.
- Developed and customized **WordPress themes and plugins**, ensuring responsive design and performance optimization.
-

- Possess **basic backend knowledge** in **PHP and MySQL**, including handling WordPress databases and backend configurations.
- Managed WordPress admin panels, content updates, plugin integrations, and site maintenance.
- Stayed up-to-date with emerging **front-end technologies, WordPress best practices, and web development trends** to improve efficiency and code quality.
